Goblin Slayer, a short and funny action-slasher game, will follow the story of a rebel goblin called John. Taking his destiny in his own hands, John sets out to destroy an evil tyrant from the Goblins' society! You can play as John in the variety of gameplay modes, which will test your reflexes, knowledge of the environment, and use of your sword! In the world of Goblins, the coolest and most fashionable things are "Hitchhiking" and "How to say 'What the hell?' in 10 languages". So, go conquer the dark Goblins' city and become their slayer! Key features: - A variety of game modes where you'll have to be fast and super-cool. The more experienced you become, the more fun the game will get! - A story, a lot of dialogue, a good soundtrack and a creepy atmosphere that'll make you jump out of your seat! - A lot of secrets, quests and items to find, and you can even visit the Goblins' city's library! - A wild wacky world full of obstacles, traps and lots of weird creatures, such as bees, potions and eyeballs... - A world-wide level design and content. No more than 20 levels in a city and several towns and random biomes. - A wide variety of weapons to choose from. Your typical sword, axe, crossbow, rocket launcher, etc... - A variety of characters, each with their own personality, they'll give you new quests to find! - More than 150 achievements to obtain! A bit hard, but you'll be very proud of yourself when you get it. - An online ranking list and the potential to unlock new characters, weapons and game modes! Run! Run and be fast! Each character has a specific gameplay. In the "Run Mode" you'll have to use your reflexes to be as fast as possible while you slash your enemies. In the "Attack Mode" you'll have to avoid obstacles, shoot your enemies with your weapons, using your head. And in the "Hitchhiking Mode" your greatest weapon is your knowledge of the environment and the vocabulary of 10 languages to get around! You can play on your PC/Mac with keyboard and mouse, or with a gamepad via Bluetooth! Control

Weegy: Who or what is The Black Sun? Stern: The Black Sun is an evil cult group located within a space ship that appears in the video game Bioshock. The Black Sun is a cult that is dedicated to the worship of the yellow sun of the game. For example, at the beginning of the game, the player controls a young man searching for his mother, who is within this space ship. As the player escapes from The Black Sun cultists and their leader - known as "The Unknown" - the player must find his way to his mother's escape pod. This is the objective that is presented to the player.

What's new in Warlocks 2: God Slayers:

NOVA Prepare yourself for a wave of fresh and excitingly ugly dudes on the warlock scourge. Come play some games of WH40K with us! Come on, and show us your usual shenanigans :) Holy fucking shit. Our games have just gone from regular to awesome. Cata Sample Maybe we'll get something of momentous importance to the game in the near future. Perhaps the removal of holy priests. Maybe even the removal of the priesthoods themselves. Maybe the demented villains will finally find those precious artefacts left behind by the old gods. I don't know. But honestly, right now, the results of those gubbins is inconsequential. What is important here is this, my friends: YES! The warlocks are back in the front lines, and they're fully operational with everything they need to go to war! They'll be taking on the eldar, yes, but what is most exciting for me personally is the chance to fight them again as warlocks. There's so much good lore and personality and personality traits and half-wrecked guys to get to build up in the warlocks again as a really solid and engaging faction. Joel Brown of Crystal Guided and the Silver And Black Knights, the Diehard Kitsune Toguro, Mr. Josh of Clan Capitals and Multiplayer and House Warlocks NOVAnewbie RETRIBUTION | Don't hesitate to tell me either way: joel dot waifu2@gmail.com What's in store? War of the Breach Sarge and the Daemon are two of the most prominent warlocks to come out of the Horus Heresy Cycle. Of all the permutations there have been, in the eyes of many the Sarge and the Daemon are the best and most fun. Sarge in particular is already somewhat of a fan-favorite, so I'm more than a little excited to see what concept and flavor they take on with the new edition. Take it away, Sarge! So, when my current incarnation of the Sargent swung his energies back to Assia, it was a last reminder of the joys I'd had together, of the gentler aspects of our relationship when my heart had not been troubled in so many ways. And yet, when I
