There are various types of cars available in the market. So here is a brief list of car types which you can consider buying for your baby's first car. Types of Cars: 1. Family Car: These cars are considered in three categories such as Sedan, Hatchback, and Wagon. Having such a car, you can ease your mind, drive along with your kid in the car in a very safe and safest manner. 2. SUV/Cross-over: These are considered as the large category of vehicles. They are very much popular with families. These are very spacious and can accommodate more than 2 adults and 2 kids inside. These are considered as the future vintage car since it has some very unique and classy designs. 3. Mini: Mini cars are considered as the very small version of SUV/Cross-over. They are considered as fun-filled cars. They are quite cheap compared to SUV/Crossovers. 4. Sport Utility: These are small general vehicles with three wheelers. These are popular in keeping it convenient to carry your bag and items along with your kids. They are very convenient in its compact size and this is the reason people prefer them. 5. Minivan: These are perfect for family outings. It has been designed to accommodate more than 8 people and 3 kids in a compact space. It is considered a family car. We hope you like this article on Best Car for Kids. If you have any questions, feedback or comments on this post, feel free to let us know in the comment section below.Phytoremediation and phytotoxicity of electroplating wastewater by traditional Chinese medicinal plants in Hong Kong. The wastewater generated by electroplating industry contains heavy metals, which may exert adverse effects on the environment and human health, including the indigenous plants. In order to investigate the
