The doom slayer's power was immense, his impact felt by all who witnessed the battle. The wretches who had survived the battle fled in terror, leaving the lands for the safety of the subterranean vaults. The doom slayer wandered the lands, a powerful instrument of vengeance now turned upon his own kind. In their caves and vaults the shadow dwellers found a new source of power, one that they had long believed extinct. The power of the demons, the doom slayer was taken into the depths, where he was chained and tortured by the demons. They sought to learn his secrets of the sword and armor, but they found nothing. From the darkness, a demon emerged, with a mission to see the doom slayer dead. If he was to be slain, the demons would be free to rule the lands, and use their power to enslave the mortals, and their fate would be sealed. The doom slayer was brought back from the shadows of his nightmare prison and set free. He was a powerful weapon that could not be held, he used his sword and armor to purge the world of the demon horde, and a new age began. The mortals were freed from the chains of their masters, but they were not free to choose only their own good. Their faith could guide them, and the mortals became the dark-eyed ones. They chose the path of demons, and the dark sides of the gods were seen. The mortals were given a time of peace, but their time was ended when the doom slayer returned. The mortals found the doom slayer's body, pierced with countless holes, and burned with his own flames. All their doom was not ended, for the demons were awakened, and the world was in peril. The doom slayer's body was taken, and the demons used his soul to forge a mighty new weapon. In his blood, and in his very soul, they forged an iron will, unbreakable and uncompromising, and this new weapon, as it had been before, was forged in the land of hell, and as it had been before, this new weapon found its way to earth. It brought the demons back from the abyss and to the surface world, where they were once again set loose upon the mortals.
